

**Announcement of two conferences on Monday 22 Novembre at 12:30, salle Jean-Barriol @ LPCT (FST)**

Save the date!

**ProteinLorraine network is back this year**

with seminars organized throughout the year.

The first session is scheduled for November 22nd from 12:30 to 13:30 with the following seminars:

- **Mrs. Haifa Laroussi** from the Dynamic lab (UMR 1128):

« *DNA processing features unravel novel properties of relaxases involved in ICE conjugative transfer* »

- **M. Jairo Andrés Camano Echavarría** from LRGP lab (UMR 7274) and the Universidad de Antioquia, Colombia:

« *Red Tilapia scale (Oreochromis sp.) gelatin valorization, from the protein optimization to enzymatic proteolysis* »

Seminars will be organized in a hybrid format in Jean-Barriol room at LPCT (UMR 7019) - FST.

Here the link to attend the seminar via zoom: <https://inrae-fr.zoom.us/j/99548837279>

Given the capacity of the room, for those who want to be present, please send an email to [proteinlorraine-contact@univ-lorraine.fr](mailto:proteinlorraine-contact@univ-lorraine.fr)
